Precision Engineering

Leading mfg & exporter of
precision METAL components

- Aerospace
- Automotive
- Mechanical
- Micro Machining
- Healthcare
- Defense
- Industrial
- General Engineering

Precision Engineering

Market leader manufacturer & exporter of wide range of precision components since last **20 years.**

Subject: Seeking for customer who can provide job-works under contract manufacturing for all types of custom-made CNC parts, especially for Swiss type sliding head parts, and CNC Milling and CNC Turning components machining works & all types of sheet metal parts with material.

Achievement:

ISO 9001:2015 (TUV SUD, Applied for AS9100D

Manufacturing:

High precision Machining job works and manufacturing of precision METAL components.

Staff:

80+ Experienced and Skilled staff within
2 units of 10,000 SQ FT.

Machinery:

State of art manufacturing facility as below:

Machine Type	Size - Stroke	Make - Co	Qnt	Purchase year / Notes
CNC Swiss	25/300	Citizen – Japan	04 Nos	25.4mm with live tools – 2019
CNC Turning	X200 Z500	LMW – India	08 Nos	2018
CNC Turning	X300 Z500	Doosan – Korea	01 Nos	LYNX2100 LB – 2018
CNC Milling	800/500/600	Feeler – Taiwan	01 Nos	With 4th Axis – 2020
CNC Milling	600/400/300	HAAS – USA	01 Nos	With CTS & PROBE – 2020
CNC Milling	800/500/500	Feeler – Taiwan	01 Nos	2020
CNC Milling	800/500/500	Cosmos – India	02 Nos	With 4th Axis & CTS – 2020
CNC Milling	800/500/500	Cosmos – India	01 Nos	2016
CNC Laser	3KW/1.5MX3M	Bodar - China	01 Nos	2021

Other Machines:

1. Up to 200mm Bandsaw Double column type - 02
2. Surface/Cylindrical Grinding machine- 01/01 with marpos
3. Manual Lathe – 06 Nos
4. Manual Drill – 04 Nos

Licenses CAD/CAM:

1. MASTERCAM 2020 FOR 2/3 AXES
2. ESPRIT 3/4/5 AXES
3. SOLIDWORKS 2020 FOR CAD & DESIGNS

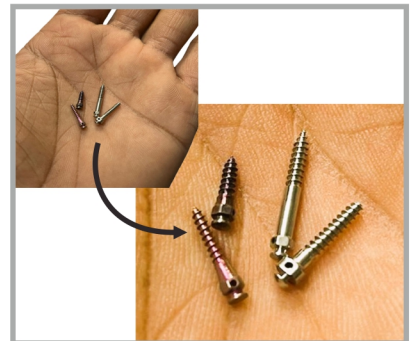

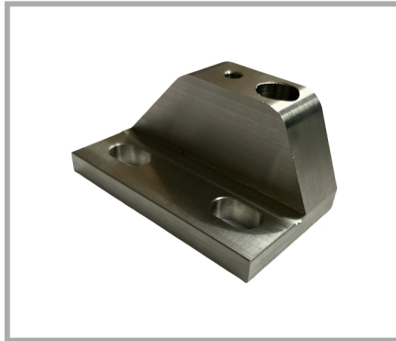

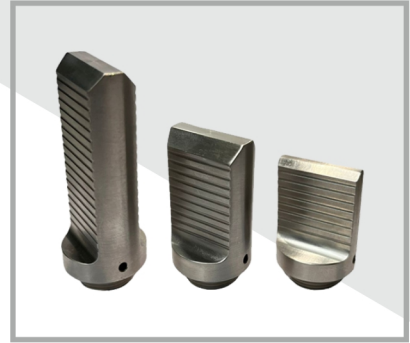

Measuring Instruments:

1. **Vision measurement system VMM (5 MICRONS)- MITUTOYO**
2. **TRIMOS V7-400 - (3 MICRONS)- SWISS MADE**
3. Digital Vernier Caliper- 30 nos – 200mm of Mahr & Mitutoyo
4. Dial Vernier Caliper- 05 nos- 200mm
5. Dial Vernier Caliper- 02 nos- 300mm
6. Standard Vernier Caliper- 05 nos- 200mm
7. Standard Vernier Caliper- 02 nos- 300mm
8. Micro meter digital – 10 nos– (0-25mm)
9. Micro meter – 03 – (25-50mm)
10. Micro meter – 02 – (50-75mm)
11. Micro meter – 01- (75-100mm)
12. Micro meter – 01- (100-200mm)
13. Height gauge – 02 – 500mm
14. Bore gauge – (0-12 and 18-35mm) - 01
15. Bore gauge – (35-100mm and 100-200mm) - 01
16. Depth gauge - 200mm - 01
17. Combination set – 01 nos
18. V block set – 01 nos
19. Surface plate – 630mm x 630mm – 01
20. Rumbling machine, Deburring machine – 01

All types of surface process and treatment available within our vendors.

Apart from these machines, we are ready to buy any kind of measuring/CNC machines as per client's requirement to match minimum criteria or to increase production capacity as per project.

GLIMPSE OF SOME OF PARTS
we made (NON-NDA)

Countries we are
exporting to:

UAE

Sweden

Australia

Germany
